UMONS
University of Mons

As part of the seminar cycle « **Neurosciences in Society** » organized by the Department of Neurosciences and the Department of Cognitive Psychology and Neuropsychology, we are pleased to welcome **Sébastien Serlet (ULB)**, MD in Neuropsychology and founder of R.O.G.E.R , CEO at Rehal-IT

He will present a lecture entitled:
« Is the future of neuropsychology already available? Artificial intelligence, big data and virtual reality, new tools for better practice? »

This **online** conference will take place on the **8th of November 2022 at 3 pm**

Participation is free of charge. However, for practical reasons, it is preferable to register by email (erika.wauthia@umons.ac.be)
